

Welcome to Brazeau County

Tourism

Industry is in Our Nature

The wide range of industries operating in Brazeau County – oil & gas, agriculture, forestry, bio energy and tourism – bring more opportunities for employment and business than ever before, making Brazeau County one of the most desirable places to live and work in Canada. When you add economic vitality to natural beauty and a healthy community, you get a place that thousands of people want to call home. And every year more people are calling Brazeau County home, settling in our region with big hopes for the future and for their families.

Tourism

Make Brazeau County Tourism Your Business

Put the beauty of Brazeau County to work for you by investing in our ever-expanding tourism industry. The people in our region know how to spend their time and their money when it comes to outdoor recreation. From rental needs for ATVs and snowmobile riding, to equipment shops for hunting, fishing, camping and hiking, as well as the necessary accommodations and amenities like hotels and motels, eateries and restaurants that visitors need, many businesses have found success in our region's growing tourism industry.

It's not only residents of Brazeau County taking advantage of our range of recreational opportunities. We're quickly becoming the playground of the Edmonton region, a city that more than one million people call home.

With the expansion of the Sunchild Road (Highway 620), better connecting Brazeau County to the rest of Alberta, and the newly developed Eagle Point Provincial Park and Blue Rapids Recreation Area, this is an industry that is only going to see bigger profits in Brazeau County.

Quick Stats:
