Gloucester Township Named One of the Most "Livable" Communities in America

Gloucester Township has been recognized as one of America's Most Livable Communities during The U.S. Conference of Mayors' 86th Annual Meeting in Boston. This award recognizes mayoral leadership in developing and implementing programs that improve the quality of life in America's cities, focusing on the leadership, creativity, and innovation demonstrated by the mayors.

Gloucester Township received this recognition for the Project SAVE (Substance Abuse Visionary Effort) Program. Project SAVE focuses police efforts and practices beyond the "first arrest" and instead combines policing initiatives into a more flexible and productive practice involving prevention and intervention. One of the most significant initiatives associated with Project SAVE, the SAVE Advocate, entails having a drug and alcohol professional in the Gloucester Township Municipal Court. Gloucester Township was the first in the state to add a professional licensed alcohol and drug counselor to its court. Since the implementation of Project SAVE in June of 2014, the SAVE Advocate has offered services to a total of 158 subjects. Of these 158 people involved in substance abuse, 131 (82%) have engaged in the project - meaning that they have participated in some level of treatment. Additionally, of these 131 people, 24 (18%) have fully completed treatment, which may consist of either in-patient or outpatient treatment. Seventeen (17) of the 24 (71%) have remained arrest free since completing the Project SAVE Program.

"We are honored to receive an award from the U.S. Conference of Mayors, an organization that provides mayors with leadership and management tools that allow us to be even more effective as leaders and promotes the development of an effective national city. We continuously aim to keep the residents of Gloucester Township safe by introducing new and innovative policing strategies like our SAVE advocates. Our Project SAVE Program has been a tremendous success and we are proud to have been recognized for our efforts on a national level," says Mayor David Mayer.

Economic Development in Gloucester Township

Gloucester Township is proud to announce that the popular Texas-based chain, Dave & Buster's, is coming to our town with an anticipated opening in the first quarter of 2020. The restaurant will be built right off of Route 42 adjacent to the Gloucester Premium Outlets. "We are very excited to welcome this popular restaurant and entertainment chain to our town. Similar to the Outlets which opened in 2015, Dave & Buster's will attract thousands of people to town and will help stimulate our local economy. The company's choice to invest in Gloucester Township signifies their projection of good financial outlook for their business as well as their confidence in our Township's business environment."

On Saturday, July 28th, the new Republic Bank on Blackwood Clementon Road hosted their grand opening and ribbon cutting. "We are thrilled to welcome such a reputable company to Gloucester Township," says Mayor David Mayer. "This Republic Bank is just another step toward our vision for the future of Blackwood Clementon Road." Construction for the Royal Farms, a Maryland-based convenience store with gasoline dispensing, has also begun on Blackwood Clementon Road. The convenience store is in the vicinity of the former Superfresh grocery store.

Upcoming
**COMMUNITY
EVENTS**

Gloucester Township has so much to offer this fall! Check out page 4 for our upcoming community events.

A Message from Mayor David Mayer

As summer wraps itself up and our concerts, movie nights, and summer activities come to an end, we are preparing for all the exciting events that will take place in the coming season. From our first Annual Food & Craft Beer Festival to our Citizens Appreciation Ceremony and our Christmas Tree Lighting, there is tons to look forward to during the cooler months!

We will kick off this season at our first-ever Food & Craft Beer Festival on September 9th. Over 20 food trucks will serve up food and fun in the downtown Blackwood section of Gloucester Township. Join us at the Camden County Fair on September 22nd and 23rd at the Lakeland Property. Enjoy rides, games, food entertainment and more. On Saturday, September 29th, we will be hosting our second Annual Drive-In Movie Night which will take place at Camden County College this year. Be sure to check out our "Community Events" schedule for a full list of the fun events that we have planned.

It has been a pleasure to see residents take advantage of GT Bike Share, our free bike sharing kiosk, this past year. In May, we introduced another free bike sharing program called GTWheels. GTWheels is a bike library made up of recycled bicycles that were no longer being put to good use. If you or your child is in need of a bike, borrow a refurbished bike from our municipal distribution center located at the Lakeland Complex.

Are you looking to de-clutter your home? This Spring we partnered with Curb My Clutter and introduced convenient curbside clothing and electronics recycling for residents. As Mayor, I am committed to bringing services like Curb My Clutter to our residents to improve their lives, decrease the environmental impact of our community, and save costs associated with waste disposal.

Last but not least, I am proud to announce that we have a brand new way for you to communicate with us. This summer we launched a text messaging service for residents called Citibot. Using text messages, citizens can report issues, search the Gloucester Township website, and receive notifications, while we provide quick and effective customer service in return. As always, if you have a question or need to report an issue you can also call the Mayor's office at (856) 374-3514. You may also visit our website and social platforms for more information!

Sincerely,
David Mayer

Gloucester Township is proud to bring Citibot to its residents. Citibot is a text messaging tool for citizens to communicate with their local government in an easy and efficient manner. Using text messages, citizens can report issues, search the Gloucester Township website, and receive notifications, while the Township provides effective customer service in return.

Citizens can report issues such as potholes or missed trash pick-up. The Township is then able to fix these issues and report back to the resident when complete. With Citibot, civic engagement becomes easier and government customer service becomes more effective.

To use Citibot in Gloucester Township, simply send a text message with the word "hello" to (856) 644-6414. For more information, visit <https://glotwp.com/news/citibot-text-messaging/>.

Gloucester Township makes it easier for everyone to de-clutter their homes by introducing convenient curbside clothing and electronics recycling for all its residents. Gloucester Township is partnering with Curb My Clutter, a service that enables residents to easily schedule free collection of their unwanted items via text.

This service does not cost the Township any money; it actually saves money by reducing the amount that Gloucester Township pays to dispose of this material.

To participate:

1. Text "pickup" to 856-367-6130
2. Send pictures of items you'd like to recycle to earn rewards via the text conversation.
3. Schedule your pickup date.

ATTENTION DOG AND CAT OWNERS

On Saturday, October 20, 2018, Gloucester Township will be having our Annual Rabies Clinic. The Clinic will be held at the Gloucester Township Senior Building on Chews Landing Road between the hours of 9am and 10:30 am for dogs and 10:30 am and 11am for cats. The rabies shots for dogs and cats are free.

The Township Clerk's Office will be setting appointments for the clinic October 16th through October 18th, 8am - 5:30pm. Please call 228-4000, Ext. 3241 between those dates for an appointment.

CHAPTER 47 ~ PETS

Dogs and cats are strictly prohibited from: running loose (at large), defecating on any portion of public or private property (owners must dispose of feces in a suitable and sanitary manner) and habitual/excessive barking.

**Gloucester Township
Bike Sharing Programs**

In the past year, Gloucester Township has successfully introduced two bike programs: GT Bike Share, a free bike kiosk, and GTWheels Sustainable Bike Library which operates on donated bikes. At the GTWheels Sustainable Bike Library, Volunteers repair donated and recovered bikes and make them available for Gloucester Township residents. Residents can borrow a refurbished bike from their municipal distribution center located at the Lakeland

Complex. They may take the bike home with them, or simply go for a short ride and return it when they are done. This program will provide residents with a fun, healthy, free and green form of recreation and transportation.

Both of our bike sharing programs are in close proximity to our health and fitness trail and we are excited to announce that three new bike repair stations have been installed along the trail at the following locations:

- Beginning of bike trail – Central Ave in Grenloch section of GT
- Bike Kiosk – Church Street in the Blackwood section of GT
- End of bike trail – Landing Road in the Hilltop section of GT

The repair stations give riders the option to hang their bikes up to work on as well as provide the link on the top of the station should anyone require help fixing the bike. The repair kit includes the following:

1. Phillips and Standard screwdrivers
2. Steel core tire levers (2)
3. Pedal wrench
4. 8/10 and 9/11 mm wrenches
5. T-25 Torx
6. Hex key set
7. Air Pump

For more information about Gloucester Township's bike sharing programs, please visit <https://glotwp.com/gloucester-township->

POLICE DEPARTMENT NEWS

GTPD Family Success Center

The Gloucester Township Police Department Family Resource Center (FRC) and the Center For Family Services have partnered together with the Family Success Center. The center is located at 1324 Little Gloucester Road and is staffed by CFFS members on Mondays and Fridays from 9am to 5pm and on Thursdays from 11am to 7pm. For current classes and daily services, please visit the centers Facebook page at www.facebook.com/GTPDFRC or contact David Scolari david.scolari@centerffs.org or call 609-238-0685.

Meet the Newest Member of the Juvenile & Family Services Bureau: Alyssa Scolari

The GTPD would like to welcome the newest member of the Juvenile and Family Services Bureau, Alyssa Scolari. Alyssa is a full time clinical social worker who will be taking on many of the duties handled by our Juvenile and Family Services Bureau.

Alyssa has been working with families and children for several years and will be an asset to our Juvenile Programs. Alyssa attended Rowan University and the College of NJ obtaining her Master's Degree in Clinical Mental Health Counseling. Alyssa is looking forward to working with the Gloucester Twp. Community. She has already started taking over some of the daily tasks of counseling and assisting with our programs and presentations put on by the Police Department. She has been working with other members of the Juvenile and Family Services Bureau and looks forward to the new school year to meet more of our students and school staff members.

For more information about the Juvenile and Family Services Bureau and our Family Resource Center contact Police Services at 228-4011, website at www.gtpolice.com or visit the Facebook page at www.facebook.com/GTPDFRC/

GT Eyewatch Program

In 2011, the GTPD launched Crimestoppers which entailed sharing with the community pictures and videos of suspects committing crimes such as shoplifting. Our program has been greatly successful as it empowered our community to help us solve crime with their many tips. These tips resulted in many arrests and has greatly contributed to our violent crime reduction of 53% (2010-2017) and overall crime reduction of 34% (2010-2017).

We are now excited to launch expanded use of social media and technology with the implementation of our GT eyewatch program. Crimestoppers was implemented to solve crime which it has, but over the years we have found that our posting of videos and pictures was about more than pictures of suspects. We have posted lost children, elderly persons who have lost their way, suspicious activity and even lost pets!

In addition to our messages posted to social media, a GT eyewatch tab has been added to our website. GT eyewatch also encourages residents to register their home or business surveillance cameras with us. When a crime happens or we are searching for someone lost, neighborhood cameras can offer valuable images. Time can be critical in locating these images and when residents register their cameras, it can help all of us be even safer. You can register your cameras by visiting our website and clicking on camera program. If you have any questions contact the GTPD Police Services at 228-4011 or police@gtpolice.com

Attend the Citizens Police Academy

Would you like to learn more about The Gloucester Township Police Department and meet the people behind the badges? We would like to invite any Gloucester Township resident 16 or older to attend the 17th Citizen's Police Academy. The Gloucester Township Police Department Citizen's Police Academy will be a free 10-week course that will take place starting on January 24, 2019 on Thursday evenings from 6:30 to 8:30pm.

The course will take place in a classroom setting to include an overview of the police department and the administration, police communications, special operations, criminal investigations, traffic safety, K9, Special Response Team and much more. Also, all attendees of the Citizen Police Academy will be trained in the use of CPR for the home. The objective of the Citizen Police Academy is to produce informed citizens. The Citizens and Police Officers meet each other face to face in a neutral, friendly setting. You will learn the importance of becoming a partner with the police department to keep our community safe. This is also the first step as a community partner if you are interested in becoming a Gloucester Township Police Volunteer.

If you feel you would like to be part of this cooperative effort between the police and the community or have any questions, please contact the Gloucester Township Police Department Police Services at 228-4011 or email communityrelations@gtpolice.com

School Security Events and Drills

Over the past several years, we have been using new terminology for school security events and drills. This change was to establish a common set of policies and guidelines to be available for every school throughout Gloucester Twp. and Camden County jurisdictions that help ensure that emergency personnel can act in unison. Unanticipated tragic events can quickly escalate into a school catastrophe if not dealt with immediately and effectively.

Every school in Gloucester Township and across NJ have been mandated by the state to conduct a security drill and fire drill at least once per month. These drills are to ensure the students and staff members are familiar with procedures in the event an emergency takes place. Some of these drills are lockdown, shelter in place and lockout as well as different evacuation drills.

The most commonly used event is a lockout which is called when there is a possible threat in the area. This is usually due to some sort of police activity. A shelter in place is conducted when there is an activity or disturbance in the hallways of the school which could be a safety concern for staff and students. A lockdown is when there is some type of active shooter threat in the school. If one of our schools activates a security event, an officer is immediately dispatched to evaluate the incident.

When a school conducts a security drill, that school's Resource Officer responds as well as patrol officers and fire departments to monitor the drill and confer with school staff. They ensure we are conducting the safest and most efficient drills possible. The GTPD is committed to notifying our community in the event that an incident occurs at, or around, one of our schools. If you have any questions in reference to the school drills, please contact the Gloucester Township Police Department Police Services at 228-4011 or police@gtpolice.com.

Community Notification System

The GTPD encourages you to receive important community information. You can receive safety tips, media releases, and police community relations events via email. The GTPD Community Notification System provides greater capabilities to notify our community. Importantly, in this age of instant communication, the GTPD along with the township's Office of Emergency Management must be able to effectively reach residents with road closures, safety warnings or community safety bulletins. Our Community Notification System will give the GTPD the ability to notify thousands of residents, staff members, and volunteers within minutes by sending out text messages and emails instantly. To register please visit <https://local.nixle.com/register/>. If you have any questions, please contact the Gloucester Township Police Department Police Services at 228-4011 or email communityrelations@gtpolice.com.

Kiwanis Childrens Garden

The Kiwanis of Blackwood has built a Children's Garden at the Family Resource Center and is also helping maintain it. The Children's Garden enables children who participate in our programs to

work in a garden under the supervision of our licensed clinical social workers Michelle Selfridge and Alyssa Scoleri. Children and families are referred to the Family Resource Center by Gloucester Township Police Officers. For more information contact 856-842-5553 or email familyresource@gtpolice.com.

Autism/Development Disability Registration

The Gloucester Township Police Department has created a registry for individuals with Autism or disabilities in efforts to give police quick access in an emergency to critical information about a person who is registered. The registry can provide police with emergency contact information, detailed physical descriptions, known routines, favorite attractions or special needs of an individual with Autism Disorder or other disabilities such as: Alzheimer's, Dementia, Down Syndrome or any other endangered individuals. This information can greatly assist police officers when time is essential in communicating and dealing with an emergency situation involving a person with Autism Disorder as well as other disabilities.

The registration form asks for valuable information that police may need when helping individuals with Autism Disorder or any other disability. We ask that all questions be filled out completely and a current photograph be provided. If you are unable to supply a photograph, we can take one for you. The information you provide is confidential and will only be used by law enforcement.

If you have any questions please contact the Gloucester Township Police Department Police Services at 228-4011 or email communityrelations@gtpolice.com. Forms can be downloaded by visiting our website and clicking on programs and it will be located under the Autism development disability registration. Completed forms may be turned into our police officers, e-mailed, or taken directly to the GTPD Community Relations Bureau.

BUS STOP SAFETY

Everyday nearly 25 million students are transported to and from school on 480,000 school buses nationwide. Research indicates that school buses are the safest vehicles on the road to transport children, even safer than riding in a car with their parents. Students are

about 70 times more likely to get to school safely when taking a school bus instead of by traveling by car. In fact the greatest risk to your child is not riding a bus, rather is approaching or leaving one. Before your child goes back to school or starts school for the first time, it's important for you and your child to know traffic safety rules. Teach your child to follow these practices to make school bus transportation safer.

Safety starts at the bus stop! Your child should arrive at the bus stop at least five minutes before the bus is scheduled to arrive. Visit the bus stop and show your child where to wait for the bus: at least three giant steps (six feet) away from the curb. Remind your child that the bus stop is not a place to run or play. Get on and off safely! When the school bus arrives, your child should wait until the bus comes to a complete stop, the door opens and the driver acknowledges your child by saying it's okay before approaching the door. Children should use the handrails provide inside to avoid falling down the steps and they should enter and exit one at a time.

Use caution around the bus! Your child should never walk behind a school bus. If your child must cross the street in front of the bus, tell them to walk on a sidewalk or along the side of the street to a place at least five giant steps (10 feet) in front of the bus before crossing. Your child should also make eye contact with the bus driver before crossing in front of the bus to make sure the driver can see them. If your child drops something near the school bus, like a ball or book, the safest thing is for your child to tell the bus driver right away. Your child should not try to pick up the item, because the driver might not be able to see them.

Drivers are encouraged to make school bus transportation and bus stop safety a priority by following these tips. When backing out of a driveway or leaving a garage, watch out for children walking or biking to school. If you are driving in neighborhoods with school zones, watch out for young people who may be thinking about getting to school, but may not be thinking of getting there safely. Slow down! Watch for children walking in the street, especially if there are no sidewalks. Their life isn't worth you making it to work on time because you hit the snooze button too many times. Watch for children playing near bus stops and be alert for the late ones who may dart into the street without looking. Learn and obey the school bus laws but remember: Flashing Yellow lights indicate the bus is preparing to stop and motorist should slow down and prepare to stop. Red flashing lights and an extended stop arm indicates the bus has stopped and children are getting on or off. Motorists should stop their cars and not begin moving in any direction until the lights are turned off, the extended stop arm is withdrawn and the bus begins driving again.

Following these tips by drivers, parents and students can help ensure a safe and happy upcoming school year. If you have any questions or concerns regarding traffic safety please contact the Gloucester Township Police Department Police Services at 228-4011 or email police@gtpolice.com.

HYSC's Intramural Program currently includes boys and girls from ages 3 through 13. (Players in the U10-U13 age groups play together in Youth Development Program). All teams play intra club games playing 3v3 and increasing size with age. HYSC Intramural Soccer is open to all residents in the area. All games are on Sunday afternoons and training occur during weekday nights. All events occur at Gloucester Twp. Community Park at Hickstown Rd. We offer all Intramural players professional soccer training each week with a curriculum designed specifically by Rush Academy. Special events include Halloween Fright night soccer game and festivities.

Registration for Fall HYSC Intramural (IM) soccer programs occurs throughout the summer. The deadline to register is Labor Day. The Fall IM season begins the 2nd week of September. HYSC Travel teams range from ages 7-18yrs old and play in local south jersey soccer leagues or occasionally EDP league. Half of the games occur at GTCP and the other half occur typically within a 20min driving distance. Some teams need more players for the upcoming season please see the website for details.

Public Works will begin Leaf Collection on November 5, 2018. Look for signs on the road. **Don't Worry! If you miss your round, we will continue to collect until all leaves are picked up.**

To make this program a success, please adhere to the following:

Try to keep all leaves unbagged at curbside. If you must use bags, **please use paper bags only.**

Have all leaves out the weekend prior to your week.

Rake all leaves curbside. Do not rake leaves into the street if it will block traffic.

Do not mix trash and broken branches with leaves. This clogs the machines and **your leaves will not be picked up.**

Do not park any vehicles in front of leaves during your pick-up week. **They will not be picked up.**

**Gloucester Township Special
Parents & Kids Network**

SPKN is a township supported, parent-directed parent-to-parent support, education and information group that firmly believes that providing events and resources for families who care for special needs individuals is important to enhancing the lives of those individuals and their families. We are committed to building a network of resources, socializa-

tion opportunities, continuing education and support to children of all ages with special needs, their families and caregivers. Additionally, this group acts as a means to provide awareness of the importance of social integration of our children into the general population using opportunities to educate others and create overall societal acceptance.
